the high record price touched a day or two ago.

Bankers in close touch with the railroad situation expect that low-priced rails will make a remarkably good showing as soon as there is the least let-up in money or in encouraging news from the Interstate Commerce Commission.

The trouble that was exposed in the rubber industry through the embarrassment of an old rubber house on Thursday is not over. Prices are held so high in the trade that the public refuses to buy and many companies cannot dispose of their stocks of goods at current prices. They refuse to cut prices lest that cause a trade war.

PROHIBITION OFFICERS CHARGED WITH MURDER

Killing of Poscy Thomas in Henry County Leads to Warrants for Raiding Party.

(Special to The Times-Dispatch.)
DANVIELE, July 16.—Warrants
charging murder were issued today
against Federal Officers J. N. Wood
and R. H. Drummond, Jr., and County

made good his escape.

Careful search yesterday and again today at the scene of the shooting, near Leatherwood Creek, failed to reveal any signs of a revolver which, the Federal officers say, Thomas used. Tracks were found leading from the road to the body and back to the road, but Wood said that these might have been caused by sightseers and others who viewed the body.

Although some seven shots were fired by the officers, not all of these were directed to Thomas, who, after a struggle with Wood perched on the running board of the liquor car, to shimself loose and leaped out on the other side of the car. Officer Willsmarth is said to have shot two or three times to scare Robinson, who was escaping.

Thomas' remains were taken from Martinsville last night to his home at Endicott. He leaves a widow and seven children. He is described by some as a quiet citizen, but by the authorities as being a moonshiner. This is the second killing within ten weeks by revenue officers, Whit Tribble being killed in Hallfax not long since.
